

## Contour™ Fitted Table Throws

Takes the traditional table throw to the next level

The Contour Table Throw has a modern, form-fitting appearance. Printed in one piece, the graphics and messaging can extend across the entire surface of the table — including the sides.

The stretch fabric is fire-retardant, wrinkle-resistant and machine-washable. No clips or pinning to the table, making for a care-free user experience. With a snug, clean finish, your customer will stand out from the crowd. Standard sizes for 6-foot and 8-foot tables; custom sizes also available.

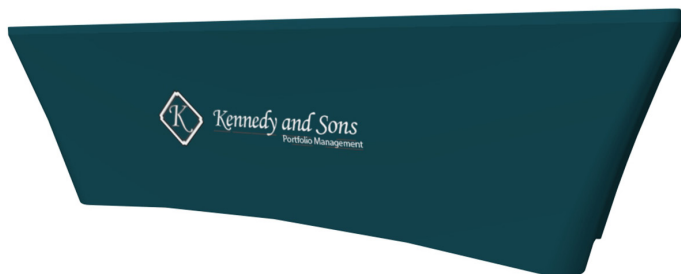

### Form-Fitting Design

The Contour Throw stays in place, even during high-traffic and outdoor events

### Easy To Use

Lightweight and easy to fold, the Contour Throw is simple to transport and quick to set up

### Description
